## WORK EXPERIENCE

### Web User Interface Designer

Open Circle - Dublin

2023 - Present

Collaborated with developers and UX designers to craft seamless, responsive web interfaces that enhance user engagement.

Designed intuitive digital experiences using tools like Figma and Adobe XD.

### Web Designer

Freelance - Dublin

2022 - Present

I design and develop responsive websites for clients across various industries, creating seamless user experiences with tools like Figma and Wix. Build design systems to maintain brand consistency. I conduct UX research, implement A/B testing, and leverage HTML, and CSS to deliver functional and visually appealing websites that meet client needs.

### UI/UX Designer

Gaddr- Remote

Jul 2024 - Nov 2024

Design and refine web and mobile app UIs, ensuring a visually appealing and intuitive experience across devices. Collaborate with UX teams, build design systems, and work with developers and stakeholders to align designs with project goals, incorporating feedback for continuous improvement.

### AI Data Annotator

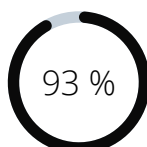

Covalen @ Meta- Dublin

2024 - Present

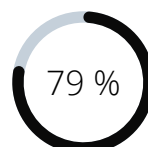

Accurately annotate English data following guidelines, evaluate data quality and machine learning outputs, and develop procedures for consistent classification. Conduct basic research, and provide feedback to improve the annotation process, and offer insights on data patterns.
